Covina Rotary Club - District 5300 - Chartered March 8, 1923

September 2, 2010 Issue #10 Editor: Dan Banh

This Week:

Program: Club Assembly

President Sue and her posse will give us a rundown on what's happening in the club y'all. So sit back and chill, and feel the thrill of their presentation. Your inputs are welcome, of course.

Next Week:

Allen Miller, President and CEO of COPE Health Solutions will give us his take on "Healthcare Reform" which will take effect soon. This ought to be interesting. I don't know about you all, but I'm bracing for the worst!

Last Week:

Steve Lambert, publisher and editor of the San Gabriel Valley Tribune set the record straight regarding the newspaper businesses. Sure time was

tough with the invention and the accessibility of the internet, but the newspaper businesses are resilient. They adopted the motto, 'if you can't beat them, join them' and that's exactly what they did. They can use the internet to provide instant, up to the minute news for Smartphone owners. Smartphone is the way of the future! With life getting more hectic by the minute, they're betting on people willing to pay for instant news delivered right into their hands.

By the way, he is open to any suggestions on what you would like to see in the newspaper; perhaps some events that happen more locally. You can contact him if you have some breaking news to report.

New Member Proposal:

Announcing Dr. Catherine Nichols, the new Superintendent for the Covina Valley Unified School

District. She replaced our former member Dr. Louis Pappas for the job. If you have any comments or opinions regarding Catherine's proposal, please bring it to the attention of the board members.

FYI: Lisa Brabo has finally done it! Her article "Covina Rotary Club's Year of Beautifying Covina" has finally been published in The Highlighter. It was nicely written featuring the painting project of the Covina Historical Museum, the new garden at Citrus Valley Hospice along with many wonderful services we performed in the club. Great job, Lisa!

Lisa had put a lot of effort into this, so please go to our district website www.district5300.org and under Newsletter click September 2010 issue to view.

* We all know that Labor Day is coming up this Monday. Just remember that it is more than just a day off from work to enjoy picnics, festivals and barbecues; it is a national dedication to the social and economic achievements of American workers, which unfortunately we are currently lack of.

During this rough economic time, it is the hope of many of us that those currently unemployed will once again find employment in this tough economic environment.

Remember:

A working America is a strong America!!!!

Happy Labor Day Weekend!
