This Week:

Nanci Larsen – Mission Inn Foundation

Born in Pomona, she had lived all over the world as an Army brat and finally settled in Riverside for the last 25 years. Winner of the Roy Hord Volunteer of the Year Award and an active Docent of the Mission Inn since 2003, she enjoys being part of her community. She also belongs to numerous other organizations including D.A.N.A. (Downtown Area Neighborhood Alliance), a ground breaking group in Riverside that now has been the pattern for 12 city wide neighborhood groups. As a founding member she is still the treasurer today. Her favorite activity is serving dinner at Ronald Mc Donald House in Loma Linda to families in residence. As Director of Audience Development and Administrator for the Mission Inn Foundation, she helps lead 134 volunteers and daily tours of the Inn. She also gives bus tours of the city along with walking tours of historic architecture in the downtown area.

Next Week:

Want to really know what's going with the club; you might want to show up for this meeting. It's our annual Club Assembly. You can also voice your concerns as well if you have any.

Last Week:

Open House Inc., a company utilizing social media and technology to promote businesses for realtors, has recently been selected as an official training company for all realtors in CA. Thanks to Facebook, YouTube and etc., they have become very popular with not just realtor community, but with other types of businesses as well. Social media has become so big that it literally is the backbone of US economy. With 750 millions people log on everyday and growing, there is a lot of money to be made for everyone. So if want a piece of this action, you better learn how to

use these four-letter words well, not to curse but to blog, text and tweet... The technology is growing so fast that you better adjust and evolve very quickly or you'll be left behind with your business slowing withering away.

Special Announcements:

Marilyn Porter had played an important role in our club. She helped us start every meeting on an upbeat note and most importantly, helped us tolerate each other singing. Even though she is no longer attending our weekly meeting, do keep in touch with her. Here is her address:

1049 S. Silver Birch PL. WC, 91790

Brain Teasers...

It takes 6 minutes to cut a log into 4 pieces. How long would it take to cut a log into 8 pieces?

(No, 12 minutes is incorrect!)

Hint: Count # of cuts.
