October 06, 2011 Issue #13 Editor: Surely Harrison

## This Week:

Debra Boudreaux, CareNowLA Board Member and CEO of the Tzu Chi Medical Foundation, will talk about a groundbreaking event which will be held at LA Sports Arena from October 20-23. First, the sports arena will magically be transformed into a working clinic, with some 800 volunteers. Then, over the course of four days, 1200 or more financially unfortunate patients receive free health care that includes medical check-ups and dental care. Learn how and why this charitable work is being done here.

## Next Week:

Cathy Goth, President of Education Spectrum, a center-based educational and social skills training center for children with autism. Our speaker promises to provide a personal and professional overview of autism and the surprising statistics in our home state of California. She will also talk about Danny's Farm, a non-profit organization that Cathy created to pair loving farm animals with persons of special need.

## **Welcome Dawn Cychner**

### **Our newest member**

Dawn was raised in Glendora with a family that is fascinated by the law. Her father is a retired Sheriff, Mother has a law degree, and Nancy's siblings both work for the Sheriff's Department. The rebellious child, Nancy, decided to pursue a career in real estate and has owned a Covina based mortgage company since 1997. She and husband Tom met in high school and recently celebrated their 25<sup>th</sup> wedding anniversary. The couple's earliest accomplishments involved conceiving son Devin (now 24 and a graphic designer). Given their success, they went for son Adam (now 20 and majoring in movement and sports science). When not cooking, reading, traveling and watching movies, Dawn serves on various prestigious Boards or attends Soroptimist and Rotary meetings!
