Covina Heritage Park Dedication

On Tuesday, Covina's City Council dedicated the new Heritage Park. The park is a beautiful reminder of what can be done if we work together for a common good.

Complete with restrooms, a citrus (orange) tree walk, pillars that are replicated from the days of the orange growers, a stage, and hot and cold water – the park is a great meeting place; gathering place and a location to hold events.

Take a few minutes and walk through this park. It is very nicely done.
