Issue 46

Editor: Jim Teal

THIS WEEK

Speaker; Charles Gustafson

Topic: Attachment styles

Chair: Dawn Cychner

Our speaker has been a licensed Marriage and Family Therapist since 1973. Parent child relationships and early life experiences overshadow and color all of the experiences for the rest of our lives. He will discuss these relationships and explain how they affect our adult life.

LAST WEEK

The three Covina librarians gave us a peek into their lives and it is a busy one, Imagine giving reading lessons to 30 toddlers and keeping your sanity and sense of humor? Bill Leech, a Covina Rotarian tutored a 65 year old illiterate for a year who was a LA Co. construction supervisor who hid his problem for many years. We invited him to visit our club but he had a heart attack and had to postpone his visit for a couple of months. It was a moving moment. Too bad the library is under such financial stress.

NEXT WEEK

We will be dark for the next two weeks. See ya 7/12 12.

Thank you President Craig for all your hard work on our behalf this past year. I know it is a labor of love and we want you to know how much we appreciate the time you spent while leading "The Greatest Rotary Club In The World." Now you can sit out front with the troops and enjoy being fined!
