Covina Rotary Club - District 5300 - Chartered March 8, 1923

November 29, 2012 Issue #19 Editor: Dan Banh

This Week:

Program: Craft Talk by Dawn Cychner

Dawn is one mysterious woman. Apparently, she does not want to give any details away beforehand; so if you want to find out about her interesting life, you just have to show up. She is a little bit unpredictable; so expect the unexpected! So come on over and find out what is like to be a mortgage broker. That should be very entertaining.

Last Week:

Hope you all had a chance to count your blessings and enjoyed a wonderful meal with your family.

Next Week:

“Wall Street vs. Main Street”

Jon Teran and his personal assistant Casey Morris from Capstone Pacific Investment Strategies Company will try to help us navigate thru this complex, sometimes deceptive system of stock trading. We all have some sort of investment in the market and the old strategy of “Buy & Hold” is no longer applied. We have to be proactive and responsive monitoring to the ever changing stock market world. Not to say that we should be day traders like the Harveys, we could lose our shirt. Maybe we should leave it to the professionals like Jon who believes in good investment strategy with sound financial planning independent of the traditional, but many times less than helpful, Wall Street approach.

Jon promised to make us all rich, or at least retire comfortably despite what to come...

Announcements:

The Annual Rotary Christmas Luncheon will be Thursday, December 20th at South Hills Country Club. Be on the lookout for the invitation which should be going out soon.

Did you know that November is Rotary Foundation month? This is the time to think about donating and becoming Paul Harris Fellow. Lena is the person to speak to if you are in the mood of giving. The club will match the amount like it does every year; so it is an incentive to give and become PHF twice as fast. The money will go toward good causes, such as alleviation of poverty, Polio Plus and etc...
