Did you know that heart disease is the leading cause of death for both men and women, but heart disease is preventable and controllable?

February is American Heart Month, so what better time than now to learn about heart health? Two speakers from the American Heart Association will be our special guest presenters this Thursday. Don't miss it!

Next Week:

Next week is the Dan Stover Memorial Music Competition. Every year, talented high school musicians compete. Winners of the competition qualify for educational awards to help them further their studies at an accredited college, university, or music conservatory upon high school graduation. We would like to have as many people as possible to this event.

Fun Facts:
