## LAST WEEK

Thanks Gordon for giving us an insight into your life. Oh by the way, we may have saved you a night on the couch: you listed July 6th as your wedding anniversary, on the Rotary info sheet, but come to find out it really is Aug 6th. And - - - your expertise in family planning got you a left-handed pitcher. Not too bad!

## NEXT WEEK

Robert Moreno will introduce us to his Man-e Moreno Foundation, which he started 6 months after his 26 year old brother was killed in a violent crime in Covina on November 10, 2007.

April is Magazine month. Take a look at page 30 of the April Rotarian. The Indian surgeons operating on the Nigerian patients will both warm and break your heart. It is tragic that the three areas of endemic polio could and must be conquered. I remember when Rotary started Polio Plus. We must continue our efforts and defeat this scourge. So close, yet so far.

The RI convention is scheduled for Lisbon, Portugal, June 23-26. Your editor was sent to Los Angeles in 1962!

Mature humor: I don't know how I got over the hill without getting to the top. Old age is when former classmates are so gray, wrinkled and bald, they don't recognize you.
