

August 8, 2013 Issue #05 Editor: Irene Bourdon

This Week: Parents' Place

In 1989, a group of parents and professionals put their time and talents together to establish a resource center for families with children with special needs. This week, Karen Nutt, Executive Director & Co-Founder of Parents' Place Family Resource & Empowerment Center will join us to share her story and her life's mission.

New Prospective Rotary Member

Mickey Kissell from All Pack (Classification Packing Equipment) has been presented as a potential member of our Rotary Club. As most of you know, Mickey is the daughter of the late Ed Kissell, our beloved friend and fellow Rotarian in whose memory we have named our annual Fun Run. Please contact any Rotary Board member with your comments.

Last Week

Andrew Hall, Civil Engineer in the Wastewater Management Department fascinated all of us with the "intimate" details of our sanitation system. In Andrew's words, not everyone can say he has a truly "crappy" job but Andrew can!

Concert at the Park

Rotarians had a blast at our first social event of the club year. We all munched on Capri grinders, promoted Field of Valor, enjoyed the music and fellowship....and celebrated Tricia's birthday!

Farewell Party for Robb & Lenore Hicks

As you know, our honorary member Robb Hicks resigned from the Greatest Rotary Club in the World to relocate to the Mid-West with wife Lenore. Please attend a Farewell Potluck Dinner in their honor:

- Date: Friday, August 23
- Time: 6:00 – 10:00 pm
- Location: John & Patricia Harvey's home
1196 Edinburgh Rd
San Dimas, CA 91773
- RSVP or if you have questions, call 626/339-3151

Next Week: Find Your Family Roots!

Glendora Genealogical Group's President Pat Chavarria will tell us all about ancestry research & genealogy.
