Covina Rotary Club - District 5300 - Chartered March 8, 1923

September 26, 2013 Issue #11 Editor: Bick Harmon

Thought for the Week:

"It is not the motto that hangs on your wall but the motto you live that counts"

This Week: Dr. Ohanian, MD; Medical Director QVC Stroke Center.

Topic: Stroke Symptoms and Treatments

"Seconds count with stroke care. The quicker patients have access to specialized stroke care, the better their outcomes. Our patients and community are at the heart of what we do and our belief that we can make a difference played a vital role in helping us earn Primary Stroke Center certification," said

Arbi Ohanian, MD, neurologist and medical director of the Stroke Program at CVHP's Queen of the Valley campus.

Last Week: Senator Ed Hernandez, OD 24th Senate District

Dr. Hernandez provided our rotary with a thorough description of the health legislation that he has sponsored for the people of California. He

also defined and described the upcoming implementation of the Affordable Care Act, known as Obama Care, and its implementation through Health Insurance Exchanges. California is leading the nation in facilitation and implementation.
