Covina Rotary Club - District 5300 - Chartered March 8, 1923

October 03, 2013 Issue #12 Editor: S.J. Harrison

This Week's Main Feature: Kim Flowers

It is time for Kim Flowers to give her craft talk. Will she talk about her job or her family? Her deepest, darkest secrets? Her new cookie recipe? Her most boring day? Whatever she shares, it is essential information for all Covina Rotarians & a great way for us to get to know her.

The Opening Act: Field of Valor 201

Covina Rotary members were there for Field of Valor last year but this year it is sure to be MUCH bigger and better. However, that means we need lots of help and this week you will be asked to reserve your spots on the duty roster. Everyone can help in their own way and we will happily welcome the help of anyone else you can entice to the event. For now, bring your personal calendar so you can add your name to the duty roster over and over. No need to sign in blood. Just remember, Lina knows where you live and she will be happy to find something for you to do.

Next Week: Mending Kids International

An organization that helps kids around the globe with life changing and life saving surgeries.
