

**This Week:**

**David Raya, MSW, MSPA**

David is highly committed to promoting independence and self-sufficiency in the lives of older and disabled adults. David graduated with a Master's degree in Public Administration

(MSPA) and a Master's degree in Social Work (MSW) from California State University Los Angeles, with a concentration in Aging and Families. He is dedicated to providing quality services to his clients and programs he oversees.

David is a Care Manager Supervisor with the YWCA San Gabriel Valley and has over 10 years' experience providing case management services. David currently oversees the YWCA senior services case management program that serves over 600 older and disabled adults each year. David has been significantly involved in building partnerships with community service providers that serve the needs of older and disabled adults residing in the Antelope and San Gabriel Valleys, as well as in the East Los Angeles areas.

**Last Week:**

**Maria-Inez Perez**  
**Program Coordinator**  
**Child Passenger Safety Technician**  
*Safety Belt Safe, USA*

Maria Inez shared all that she has seen and heard as a child injury prevention advocate.

She shared the importance of car seats, booster seats, and how to use them properly! Children are at great risk of injury if seats are used improperly or not at all. Seat belts must be used correctly as well. For instance, if the lap belt is over the belly instead of the lap, major, life threatening damage can occur to internal organs if in a serious crash.

For more information, visit: <http://carseat.org/>

**Next week:**

**Wayne Partee – Field of Valor Presentation**

Learn about what you can do to support the third annual Covina Rotary's Field of Valor and the wonderful work that this project supports!
