

THIS WEEK: Michael McVay talks Toilets

Michael McVay has a baccalaureate degree in Electronic Engineering and he currently serves as a Regional Sales Manager for AFLAC. However, fifteen years ago, he founded SBRI, a non-profit organization, to design and build water filtration systems and sustainable systems for Third World environments. Since then, Michael has traveled all over the globe in his quest to serve the less fortunate. His presentation at Rotary will focus upon his work with Bio Sand Water filters and small scale sanitation systems in Uganda. Other adventures took him to China, Japan, Guam, Truk, Mexico, Haiti, Canada, Kiribashi, The Netherlands, England, Burundi and Kenya.

TBA: Jim Speer Service Above Self Award

Past Jim Speer recipients Jerry Smith, Wayne Partee & Linda Logan

A past president originally conceived the Jim Speer award to honor our beloved Jim Speer and past presidents were invited to meet and set up the criteria for an on-going award. There were at least three meetings held in Dan Banh's office and those in attendance all agreed to stipulate that the Jim Speer Award would henceforth be awarded for service well beyond the norm in a single given year. Jim Speer was, of course, given the first award in 2008. Recipients that followed include:

- Jerry and Marci Smith (2009),
- Gordon Browning (2010),
- Jon Teran (2011),
- Jim Teal (2012),
- Linda Logan with Wayne Partee (2013).
- There was no award in 2014.

Who will receive the Jim Speer Service Above Self Award in 2015? This Editor cannot say because the nominating committee is sworn to secrecy. However, be assured that the award will be presented by the end of June and The Wheel will document it all!

YOUR GOT TO GO LIST:

(No offense intended Jon)

- June 9 Planning committee meets at 8 a.m. at the office of Tony Nevarez to discuss the August Back to School Extravaganza where we clothe needy kids at Target
- June 11 Steve Mathis gives a craft talk
- June 17 President Jon's final Board meeting
- June 18 Club is Dark - Eat wherever you want
- June 20 **Jon's Kick Out at 5:00 PM**
Andrew and Lisa McIntyre's home
349 Calle Canela, San Dimas

Jon (former Jim Speer recipient) is THIS close to being a Past President and we are THIS close to wiping out Polio around the world.

- June 25 Nathaniel Joseph, Owner and Director of Skycraft Studios is our speaker
- July 13 Steal away to Concert in Covina Park to enjoy fellowship and music by Thief. It will be one of the first events in Andy's year as our new President.
