

Dr. Ron Fujioka (1950-2015)

The world has lost an extraordinary individual that Covina Rotary will always consider to be one of our own. He was our photographer, origami guru & true friend.

Dr. Catherine Nichols: Upon retiring from CVUSD this month, Catherine agreed to become a full-time professor in Arkansas. We wish her good luck with her new career, as well as a new Rotary Club that is much closer to her new home.

THIS WEEK: Steve Mathis

Our very own Steve Mathis will be providing his craft talk this week. However, it will remain a secret which parts of his life he will be discussing. It might include his partnership in Phantom Rivers Winery, his career with Valley Imagining – West Covina, his wonderful family life, his adventures as a regular Meals on Wheels driver, or some of his other interests. Whatever the focus of his presentation, the crowds anticipate that it will be intoxicating.
