

**THIS WEEK:**

**Nathaniel Joseph,  
Owner and Director of Skycraft Studios**

Skycraft Studios is a Denver, CO based full service film, sound, and video production company. We are content generators who produce high quality videos for online brand enhancement, as well as independent films and documentaries shot in both 4K and 1080p. They also produce original cinematic music in house for television, motion pictures, and video games. Skycraft has an additional office in Los Angeles and their owner and director will be our featured speaker at Rotary this week.

**Our Previous Speaker:** Steve Mathis of Phantom River Winery taught us to custom blend our wine. Since then, 10% of our members have vowed to change their careers and work in the wine industry.

**Happy  
Belated  
Father's  
Day**

This Wheel is dedicated to all the Fathers in Covina Rotary .

As you might recall, Tony proudly brought his family to Covina Cares and they helped throughout the event.

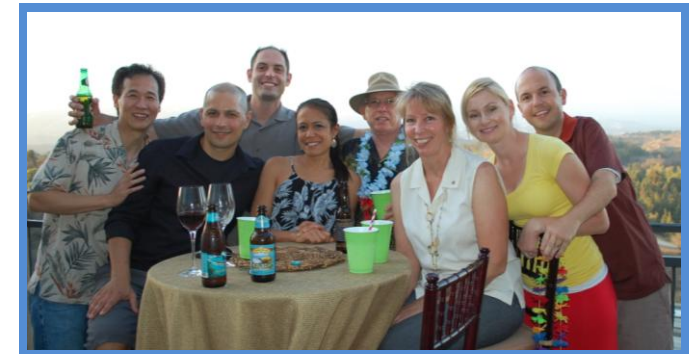

President Jon Teran could not resist including his family in our Fun Run, as he always does.

Remember when Rich Jett opened his home to our Rotarian Exchange Student from Sweden, Laura, and he became her American Dad?

**Our 91<sup>st</sup> Annual Kickout**

Last weekend, we gathered at the McIntyre Manor to honor President Jon Teran and thank him for an incredible year. As might be expected, there was lots of food, drink, and merriment. Though kicked out, Jon returns this week to oversee his final meeting as President Jon.

**Dan, Jon, Dario, Beth, John, Mickey, Lisa, & Andy**

Following the Kickout party, Papa Andy spent time relaxing and enjoying Father's Day with Kirby. On 06-25-15, Andy's Board will be inducted and Andy's year as President will officially begin when Jon leaves the podium at 1:30 p.m.
