## LAST WEEK'S SPEAKER :

Dr. Richard Sheehan provided a glimpse of what we can expect during his tenure as the new Superintendent of Covina Valley Unified School District. The wealth of experience he gained from CVUSD and Glendale USD, combined with his progressive approach to education, appear to be a winning combination for moving Covina higher up the educational ladder.

## COVINA VALLEY USD ♥ ROTARY:

Covina Valley USD recognized Covina Rotary for two great things on September 21st:

1. Donations to support the development of a fitness room at Sierra Vista Middle School
2. The Back to School Extravaganza where Covina Rotary generously clothed over 100 C-VUSD students.

Tony Nevarez was there to accept the award and it will be on display this week at our meeting.

## COUGAR PARK:

On September 19<sup>th</sup>, Cougar Park opened in Covina with a touch of Rotary. Seated on the bench that we donated to honor Jim Speer are his daughters Yvonne and Joy. Jerry Smith and Lina Ledford were also at the Grand Opening Celebration. Lina was subsequently heard saying, "I thought there would be more middle age women here."

## GORDON COOPER / INTERACT GURU

Gordon Cooper, pictured here with Harry Borak and Bill Lambert in December of 2014, has been thinking long and hard about the massive amount of manpower we will need for the upcoming Covina Cares / Endless Smiles Christmas Extravaganza, Thunderfest and Field of Valor. To his credit, he has completely re-invigorated the Interact Club at Charter Oak High and recruited their 50 members to partner with us in the months to come. Cheers Gordon for saving our backs!
