THIS WEEK : JOSEPH ZANETTA, JD

**The GOP Race for President –
Insights from Washington**

Our very own Joe Zanetta (the CEO of Citrus Valley Health Foundation) is on the National Board of the Log Cabin Republicans. In early October, he attended their national meeting which featured Massachusetts Governor Charlie Baker, a moderate Republican. Now, he wants to share his thoughts of the GPO race with us. Don't miss the fun because what this will not be recorded for future viewing.

LAST WEEK: DAWN CYCHNER educated Covina Rotarians about the formulation of credit scores. For those of you who want to check your free score, she recommends you utilize:

NEXT WEEK: LINDA LOGAN
This is how we do it!
FOV volunteer training 101

NOTES FROM THE PEANUT GALLERY:

Dear Editor,

I think it would be good to include a short message in each Wheel about growing our membership or Membership Development. It takes a short time to come up with the name of a prospective member. The rest can be handled by the committee unless a member wishes to follow through with the prospect. It is important to make it very clear that attendance is a top priority in Covina Rotary Club, as is participation in various fund raising projects. This is the only way for a new member to really get to know and understand Rotary. We should be adding a new member every month. Hope this works for you. Brian Akers is actually chairing this committee this Rotary year.

Best regards,
Harry Borak
