THIS WEEK:

School on Wheels

This week's speaker, Daisy Arce, will be discussing School On Wheels.

The mission of school on Wheels is to enhance educational opportunities for homeless children from kindergarten through twelfth grade. The goal is to shrink the gaps in their education and provide them with the highest level of education possible. The program serves as a consistent support system to homeless students at a time of great stress and fear. We bring the message to our students that they are cared about and important.
