

**This Week: JARNO AND OFFICER RASMUSSEN**

Jarno is currently Covina’s only K-9 officer. K-9 officers have an innate senses that make them invaluable for tracking and apprehending suspects.

Many suspects don’t care that an officer carries a gun – but they do not want a dog to bite them! In most cases, this makes the apprehension much easier for our officers.

Jarno is a Belgian Malinois (most think he is a German Sheppard).

Members of the Covina community have started K-9 Partners of Covina, a 501 (c) (3) to help purchase a second K-9 officer, pay for protective gear, and specialized training,, and help pay veterinarian bills over and above the budgeted amount.

Today, we will see a demonstration of what Jarno can do!
