THIS WEEK: TERRANCE J. FITCH

Terry Fitch is not only the founder of Fitch Financial Partners, he is a trained financial strategist who holds a total of 65 licenses. Using his wide base of knowledge, he has successfully designed and implemented investment concepts for his clients by utilizing asset optimization strategies.

Then, in 2014, Terry Fitch took on a new challenge when he became a Legal Shield Broker and he now takes great pride in being a small business and group benefits specialist who teaches business owners and employees how to protect their identities. For those who do not know about Legal Shield, it has been providing quality legal plans and identity theft protection programs for the last 40 years.

In his free time, Terry gives back to the community by serving in leadership roles with a variety of non-profit organizations, including CYAA (Christian Youth Athletic Association), Christian Business Partners (Chino Trinity), Chino Valley Chamber of Commerce, Veterans Employment Committee (Inland Empire), and Kiwanis International. Terry also makes time for his wife Vicki, along with their four children and five grandchildren.
