

January 26, 2017 Issue #26 Editor: Shirley

THIS WEEK: AMY N' VICTOR &

ARROW LODGE BREWING

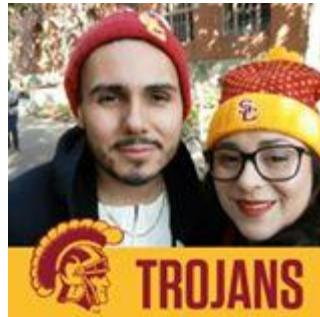

Amy Heller's passion for fermentation dates back to college. She attended CSU Fresno where she graduated with a degree in Enology. After making wine up north, Amy returned to Southern California where she was born and raised and

began working as a brewer. During that time she received her diploma from the American Brewers Guild.

Amy's vision is to continue brewing small batch beers; experimenting with the use of unique ingredients, yeast and bacteria; developing a barrel program for sour and non sour beers; truly stay craft; and sharing her passion with others.

Victor Linares is also passionate about Covina's widening microbrew phenomenon. Moreover, he hopes to become an integral part of our local city government and help John Brittain in making Covina great!

ALREADY THIS WEEK:

Tuesday, January 24 a great many Rotarians attended the 107th Installation of the Covina Chamber of Commerce Officers and Citizen of the Year Award ceremony:

John Brittain (pictured here with his wife and parents) is the new Prez of the Chamber and he has vowed to "Make Covina Great Again!" Citizen of the year, **Dawn Cyncher** was all smiles with Pres. Patricia and husband Tom nearby.

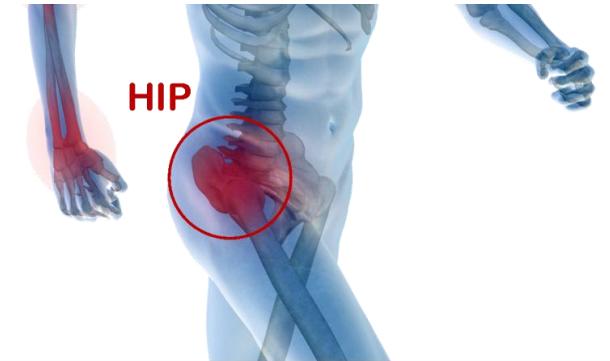

UPCOMING FUN RUN PLEASURES:

Feb 3: Dario's Fun Run Committee Meeting at 8:30 am

Apr 29: Fun Run at Covina's District Field

MESSAGE FROM SUE WYSOCKI:

Now is the time to get in shape for Fun Run. It is especially important to have your hip joints examined and, if needed like me, have 1-2 of them replaced. I had one of mine done on January 23 and I'm already dancing in the hospital corridors. See you soon.... Sue

ENDLESS SMILES HELPING FAMILIES BEYOND BORDERS:

Tony Nevarez and his tireless team are now collecting new and used clothing (any size, adult or child) and blankets to take to Mexico around the end of March. Any donation is considered a blessing by the HFBB team and the recipients who will benefit from your thoughtfulness.

FIELD OF VALOR: Looks like our net profit for the 2016 FOV is about \$65,000 and it will allow us to help more veterans who are still living in the local canyons.
