And the award goes to:

Selected high school juniors within Rotary District 5300, including our local kids!

FYI RYLA (Rotary Youth Leadership Awards) is a Rotary sanctioned program where High School students compete to participate in a three day leadership training camp. These students come away with life-changing skills and a broadened perspective of the world. Our club sponsors eight students to attend RYLA each year and various Club members also volunteer to attend the camp as leaders.

Earlier this Week:

The **Floyd Myrick Awards** are granted annually to High School youth who have demonstrated success by overcoming significant obstacles in their lives. Due to the unique qualifications for this award, the recipients are generally those who would not have otherwise received recognition. This year's awards were presented by Andy McIntyre and Johnny Brittain to a small group of incredible teenagers from Covina High on Monday and Charter Oak High School on Tuesday.
