2015 Andy McIntyre
2016 Patricia Harvey

William Hung

“From Humiliations to Opportunities”

People probably experienced setbacks in business, relationships, and health before. Sometimes these setbacks can be humiliating failures.

William has experienced these failures first-hand in his childhood, in college, and in his journey as an entrepreneur.

However, in order to succeed, we need to develop mental resilience. In this presentation, William will show the audience how to turn your humiliations into opportunities by:

- Replacing self-limiting beliefs with new core values
- Turning pains into gains
- Embracing humor from past failures and frustrations

William Hung was best known for his unique rendition of the song, “She Bangs”, by Ricky Martin. This humiliating failure turned out to be his biggest opportunity. Since his American Idol audition, he has leveraged this story to inspire people to live a fulfilling life by overcoming stereotypes and rejections. He became the winner for Small Business Marketer of the Year in 2017 and he is now an acclaimed international speaker and business coach.

It’s that time of year for our biggest club fundraiser, the 22nd annual Covina Rotary Fun Run!

Each year, the Fun Run gets bigger and better. The event will be held on April 29, 2018 at Covina District Field. We are very excited this year because a portion of the 5k run will be on the city streets!

Our committee chairpersons have been meeting and laying the ground work for a terrific event. We are now extending the invitation to all interested club members who want to work more closely on the Fun Run and join the Fun Run team. We will be meeting the 2nd and 4th Thursdays at 11AM at South Hills Country Club, just before our regularly scheduled club meetings.

Also, now is the time for all club members to start recruiting sponsors. Watch your email for a sponsor form and sponsor letter template you can use to raise sponsorships.

This is an all club event and it will be all hands on deck on April 29.

Let’s get to work!

Next Week January 18

"From Caves to Classrooms: How Rotary helped me study Dead Sea Scrolls and care about foster kids"

Robert Duke, PhD, Dean of the School of Theology at Azusa Pacific University

In 2000-2001, Bobby Duke was a Rotary Ambassadorial Scholar at Hebrew University in Jerusalem. That year he focused on Dead Sea Scrolls and lead him the following year to begin a PhD at UCLA. Since then, Bobby has continued his work on the Scrolls and is also dedicating time to foster care issues in Los Angeles County. His Rotary year shaped his perspectives on higher education and how the Four-Way Test can cause administrators in colleges and universities to think about making education accessible to all.

January 25

“Craft Talk”, by Dr. Dan Banh.

Come hear the life and times of Dan Banh, this is a story you don’t want to miss!
